

Job title : **CAMO Engineer**
Location : Bases Emmercompascuum / Virtual via remote

Background

Heli Holland is founded in 1976 and the oldest and biggest helicopter company The Netherlands. We transport more than 10.000 passengers annually in our onshore and offshore helicopter operations. Over 45 employees are involved in Maintenance, Flight Operations (On-shore & Off-shore) and Administration.

We operate a large fleet of Airbus (EC120B, EC155 B1, EC175B and AS355 F1/F2), Schweizer (300, 330 and 333), Agusta (AB206B Jet Ranger) and Bell-TEXTRON (206 Long Ranger) helicopters from our bases at Emmercompascuum, Lelystad, Den Helder, Amsterdam Heliport and Gdansk (Poland). We hold a wide range of approvals including AOC, ATO, Part-CAMO, Part-145 and Part-SPO.

Our Technics department provides line- and base maintenance for the Heli Holland fleet and a wide range of customers. We are also official Airbus Service Centre and provides maintenance and parts service all over the world. For this department we are looking for a CAMO engineer to deal with our planned expansion.
